## PERSONAL STATEMENT

Highly ambitious and creative Digital Media graduate seeking opportunities in digital design and multimedia. Competent and experienced in video production, creative computer applications, office administration and web design with a talent for developing unique custom artwork. Deadline-driven with excellent timekeeping and an innovative approach to idea and concept development.

## EDUCATION AND QUALIFICATIONS

**Edinburgh Napier University**      **From:** September 2014      **To:** June 2018

BSc (Hons) Digital Media    2:1

- Digital Video Development, Visual Design for Digital Media, Group Project
- Introduction to 3D, Visual Effects Storytelling, 3D Animation, Professional Internship
- Producing Digital, Digital Storytelling, 2D Animation, Sound Design
- Honours Project, a motion comic about a character with Asperger's syndrome

**Shetland College UHI**      **From:** August 2012      **To:** June 2014

2014: HNC Computing

PDA IT for Business

Intermediate 2 Mathematics (B)

2013: NC Digital Media and NC Business

## SKILLS

- Adobe Creative Cloud (Photoshop, After Effects, Premiere, Illustrator, Animate, Acrobat, Dreamweaver, InDesign)
- Microsoft Office (Word, Access, Excel, PowerPoint, Outlook, Publisher, Project)
- Video Production and Editing
- PC and Mac computer platforms
- Proficient in German and Norwegian
- Web Design and Management (TerminalFour (T4), Wix, Google Analytics, WordPress, Hootsuite)
- 2D Animation/Design
- 3D Animation (Autodesk Maya, Cinema 4D)

## PERSONAL SKILLS

- Communication**      I interpreted a client brief from DYW Shetland, communicating the Care Careers pathway with upcoming animated shorts. I also created a video about the various industries that young people in Shetland can apply themselves into, having employers detail requirements and abilities that best suit candidates.
- Team working**      I produced two music videos with different teams of like-minded colleagues. Both teams agreed to our duties and maintained contact with each other through Messenger, Facebook and email.
- Creative skills**      I created several short videos of different churches around Edinburgh to increase the social media presence of Scotland's Churches Trust. I am currently planning to create a website with Dreamweaver to feature my personal concept art projects and format them for web and mobile.
- Presentation skills**      I have enjoyed presenting all my university projects, including my Honours Project. I also helped presenting the pitch for the Shetland Inter-Club website for their members to visit, use to communicate and inviting them to update information on boat and regatta details.
- Organisation skills**      I planned the scope and timeline of a web design group project for Shetland Lifeboats, using Microsoft Project to construct a Gantt chart. Our group delegated roles to create a concept website on WordPress.

## EMPLOYMENT AND WORK EXPERIENCE

**Date of Employment**                      **From:** Jul 2020                      **To:** Aug 2020

**Company Name:**                      C-Mist

## ACHIEVEMENTS

### **Volunteer Photographer**

Nov 2019

Photographer for the Shetland College Open Day

### **Volunteer Photographer/Videographer**

Sep 2019

Filmed the local Careers Event at Anderson High School for DYW (Developing the Young Workforce), which was positively received by educators, employers and schools.

### **Official Photographer, Scotland's Churches Trust**

Nov 2017

Represented the Trust as an official photographer for the Royal Patron Gathering, which the Princess Royal attended at Dunblane Cathedral

### **Music Video, Edinburgh Napier University**

Apr 2017

Motion graphics editor and cameraman for a client-based music video

### **Leonardo Project**

Apr 2013

A month's work experience in Norway funded by the Leonardo Project

### **Young Enterprise Scotland Project**

Aug 2012

IT Director of a school-based business group called 'Clinkin'

## INTERESTS

My main interests are in computing, particularly with creative and office applications, multimedia and concept art. I am constantly working on my personal concept art and storytelling projects. I am planning to create a website devoted to these projects for future development in animation. I also have interests in digital art, foreign languages, photography and acting for stage and video, having performed with the Ronas Drama Society and the Napier University Drama Society.
